

Eighth Grade Memory Tile Project 2016-2017

Please help us make our campus beautiful! Eighth graders will be rotating through a memory tile painting project with Sra. Prietto in Room 603 to paint their memory tiles. These tiles will be adhered to one of Standley’s concrete planters as a permanent reminder of their years at Standley Middle School. Last year’s eighth graders’ tiles are on the planter outside of room 302 if you would like to see a completed one!

To help offset the costs of this project, we are accepting donations up to \$20. Please submit your generous contributions to the financial office.
