

How to View and Order Your School Pictures

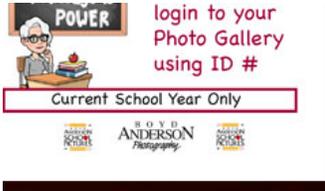

Due to COVID, we have implemented the following “low touch / no touch” ONLINE Ordering option. After viewing your Photo Gallery you have the option to purchase Prints - A’la Carte, in a Package and as Digital Download Files.

For now, the online options are a bit limited and meet most of the basic requirements. As we move forward, we will be expanding the Online products and services. Check back to see if anything new has been added.

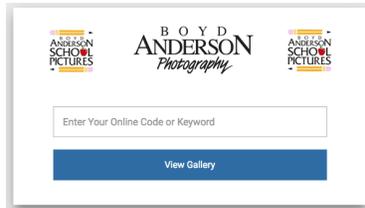

Your order, once placed will be sent directly to our LAB for processing. The “normal” process time is 7-10 working days. The order will be SHIPPED directly to you from the Lab. Most shipping times are between 2-3 days. So, once your order is placed online - you can expect to have the finished order within 10-15 days.
