

8th Grade East Coast Expedition

June 1-8, 2025

This once-in-a-lifetime educational experience is open to all current Standley Middle School* 8th grade students, and will be led by Ms. Dohoney and other off-duty teachers. Tour guides will impart lessons in history, geography and culture as we examine the events and places that have shaped our country and its people. We will visit important historic and cultural sites in **Boston, New York, Philadelphia, Gettysburg** and **Washington, DC**. Highlights of our trip will be a Broadway Show, and our rafting trip on the Shenandoah River! This weeklong travel experience will also provide opportunities for students to assume personal responsibility and to practice good decision-making, helping them build self-confidence and maturity as they head into high school.

Informational meeting: Wednesday, Sep. 25th at 6:00 pm in the Standley Library.

This tour is operated by **World Expeditions of San Diego**, a respected leader in educational student travel since 1997.

** This is an optional, extra-curricular, non-school-sponsored trip as defined by the San Diego Unified School District. Standley Middle and the SDUSD assume no responsibility or liability. Teacher supervisors are off duty and are not functioning as SDUSD employees. Funding is through private/individual payment.*
